Subject: Job Application Letter

Dear Sir/Madam,

I am interested to apply for the vacancy that your company posted for the concerned individuals. I would like to apply for the position of **Software Developer** at your organization. I am graduated **Bachelor of Science Degree (BSc)** in **Software Engineering** from Jimma University, 2017-2021 with GPA of 3.89. Actually, I believe that I have enough potential to fulfill your basic requirements. It would be my best regard toward the progress and success of your organization by the duties and responsibilities of my profession on which I am going to be appointed.

For more information, I have attached my CV and other relevant documents. If I am chosen for the job position, I will work hard towards the objectives and goals of your institution. I am willing to attend any training provided by your institution and I would also like to improve myself all the time. Hoping that my application will receive a favorable reply I would be available for exam and interview at any time to suit your convenience.

Sincerely,

Abdu Seid

ABDU SEID

Software Developer

GitHub:: <https://github.com/aseid1997>

I am a hard-working professional, passionate and fast learner who has been praised as proactive by my co-workers and management. I've developed a skill set directly relevant to application development throughout my career, including web design, mobile application development, and database design. Overall, I have consistently demonstrated problem solving, creative thinking, and multitasking abilities in every aspect of my software developer role at companies get hired.

Education

Bachelor of Science (BSc) in Software Engineering

Jimma University at Jimma, Ethiopia | September 2017 - August 2021

Key Skills

- Java, JavaScript, PHP, C++
- ReactJs, Angular, NodeJS, Flutter
- HTML, CSS, Bootstrap, Tailwind CSS, Material UI
- MySQL, SQL Server, Oracle, MongoDB
- Git (GitHub, Bitbucket), Jira, Slack

Professional Experience

Software Developer

ShegerTech IT Solutions | September 2021 - February 2022

-Mobile Application Development. I have developed a cross-platform mobile application using the Flutter framework for a school management system.

Software Developer

DSP Consultancy | March 2022 - May 2022

- Software Development and Maintenance using C# programming language and SQL Server.
- WordPress Development - WordPress E-learning platform for health professional.

Languages

- Amharic
- Afan Oromo
- English

JIMMA UNIVERSITY
JIMMA INSTITUTE OF TECHNOLOGY
FACULTY OF COMPUTING AND INFORMATICS
SOFTWARE ENGINEERING PROGRAM

To Whom It May Concern,

As Software Engineering program coordinator as well as his final year project supervisor and his course instructor in faculty of computing and informatics, Jimma University, I take great pleasure in recommending **Mr. ABDU SEID TELEGN**, a graduate of **Software Engineering**, who has graduated from our faculty in August 2021 by following all the courses attentively and could successfully complete BSc studies and obtained the degree without being delayed.

I had an occasion to be in close association with him and I am glad to present this testimonial for your reference. His confidence, talent, maturity, interest and keeping a breast with the current developments in the field software Engineering make him a promising student.

Abdu has a tremendous zeal to learn, innovate, and improvise. His insatiable interest makes him a rising individual with excellent potential for advanced studies. He was my student for courses: Software Process Management and Software Engineering Tools and Practices. He was best among graduating class students. With the above virtues, I consistently rate him as one of my best students. If his performance in my class is good indication of how he would perform as a graduate student, he would be an extremely positive asset to your organization.

In addition to his exceptional academic excellence among his peers, I find Mr. Abdu is a person of very good character; polite and elegant, easygoing and generous, as well as confident in face of challenges. More importantly, he has a loving and caring heart, actively participating in various volunteer and charitable causes.

Considering his enthusiastic quest for knowledge, research attitude and intellectual capacities, I strongly advocate him for your valuable concern.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

 Getahun Abera

To whom it may concern

I am writing this recommendation letter to **ABDU SEID TEGEGN**, a graduate of **Software Engineering** who has graduated from our Faculty in August 2021 **in Regular program** by following all the courses attentively and complete Student Research Project successfully.

Jimma University (JU) is a well-recognized university in the country and our graduates make a difference in the organization they join due to a special course that all of them do follow throughout the duration of their stay at the university, which is known as a Community Based Education (CBE), a cherished philosophy of JU whereby they follow a course known as Community Based Training Program (CBTP) of different levels. Hence, our students are exposed to the real world problems and intervene in solving community problems as well as learn from the community. This experience give our graduates a head start to provide solutions to problems related to their area of study and related fields which as a consequence can bring a significant difference if they join your organization as an employee.

Hence I provide this recommendation letter to **ABDU SEID TEGEGN** and express my best wishes.

With regards,

Negasa Berhanu

TEMPORARY CERTIFICATE OF GRADUATION

This is to certify that
ABDU SEID TEGEGN
graduated from
Jimma Institute of Technology
with
B.Sc. Degree in Software Engineering (Regular)
on
August 05, 2021.

This certificate of graduation has been given pending
the printing and issuance of the actual diploma.
